

Digital Finance

Putting you in control

Are you an ambitious entrepreneur leading a fast-growing business?

We can help you keep your growth plan on track with a range of tailored, scalable digital finance solutions, combined with expert strategic advice.

Whether you're looking for help transitioning to the cloud or getting ready for a digital tax submission, or you simply need an outsourced finance function to look after your day-to-day accounting requirements, we're here to make your life easier.

Tailored, Trusted, Transformative

We offer an entirely bespoke, personal service to meet your business needs. The most often used services are listed here and we offer a pick and mix blend which you can flex depending on your internal capacity and ambition.

- Virtual finance director service
- Management information, business reporting and interpretation of results
- Cash flow
- Budgeting
- Bookkeeping
- Systems and data through partnerships with the best financial software service providers
- Statutory tax compliance, helping you to manage key events such as filing and tax payment deadlines

As well as providing access to a high calibre, on-demand finance department, we also offer a **first-class business advisory service**.

BHP has an excellent track record of successfully aiding businesses like yours through major milestones such as equity or debt funding.

Our dedicated team of specialists will coach you, provide friendly and supportive challenge and ask all the right questions to help you achieve your business dreams and aspirations.

What does this mean for you?

- **Streamlined accounting processes** with integrated financial software that will remove the stress of compliance and **free up your valuable time**
- **Timely and accurate information** and assistance with **interpreting results** to enable better business decisions
- Strategic advice and **personal support all year round** to improve your financial structures and processes
- Access to the broader breadth of **BHP expertise** as your business grows

Introducing our team of digital finance specialists

We have 60 people,
all experts in the field
of digital finance, who
work right across the
Yorkshire region.

Meet our senior team...

Dermot Lucid, Partner

During his 23 years at BHP, Dermot has risen up the ranks to now head up the team as a relationship partner. He's extremely proud of the support and advice he and the whole team provide to their clients and enjoys being a trusted adviser to many.

dermot.lucid@bhp.co.uk

Ellie Dignam, Director

Ellie is passionate about innovation and digital change, and an expert in data analytics. She's an advocate for ensuring that firms embrace a more digital-led approach to help improve internal efficiencies.

ellie.dignam@bhp.co.uk

Mark Wright, Director

Mark provides tailored accounting services ranging from bookkeeping through to detailed management information for small and medium sized businesses. He specialises in helping to solve problems for clients.

mark.wright@bhp.co.uk

Joanne Royle, Senior Manager

Jo has considerable experience in audit and accounts, and personal tax. She specialises in conversions to cloud accounting software and regularly provides training to clients on Quickbooks and Xero.

joanne.royle@bhp.co.uk

Abi Starzynski, Senior Manager

Abi has more than 10 years' experience in her field, specialising in providing Virtual Finance Director services in the recruitment, e-commerce and project management sectors.

abi.starzynski@bhp.co.uk

James Houseman, Senior Manager

Jamie joined Digital Finance from the BHP Tax team. He has a wealth of knowledge across most tax areas including R&D tax relief, employment tax and customs/global trade matters.

james.houseman@bhp.co.uk

Micheal Wooldridge, Senior Manager

Micheal has 18 years' experience at BHP. He is responsible for managing of a portfolio of audits for small to medium sized companies and charities, sole traders, partnerships and limited companies.

micheal.wooldridge@bhp.co.uk

Helen Gilson, Senior Manager

Helen has extensive knowledge and practical experience in providing accounts, compliance and business advisory services. She also manages a varied portfolio of SMEs.

Why BHP

When it comes to technology, we're leaders in the field. Our people are key innovators at the forefront of the global accounting industry, employing the latest technology to save our clients time and future proof their business.

We believe that working with the best software service providers ensures a higher quality service for our clients: from operating systems to process invoices quickly to management reporting, we deliver optimal, reliable and cost-effective solutions.

Through our platinum partnership with Xero, we have access to over 400 add-on partners, meaning we can guarantee a solution that is right for your business. It also means that location is no longer a barrier to who we work with.

We take immense pride in the way we look after our clients. Our dedicated team of specialists are on hand all year round to offer expert advice and resolve any queries you may have with speed and efficiency. Just think of us as an extension of your own team.

Integrity, Innovation, Insight

What our clients say
about us...

“

“Since working with BHP, we’ve been really impressed by their **innovation, expertise and honesty**. They introduced us to Xero, which has totally **revolutionised our finance function** and they are quickly becoming a vital part of our business as our **on-demand finance director service**.”

Andy Brooksbank,
GT3 Properties Ltd

“

“The team are friendly and approachable, and they present all financial information in an easy-to-understand format so that we have **no need for an in-house finance director...** the timely and detailed information helps us **make informed decisions quickly**.”

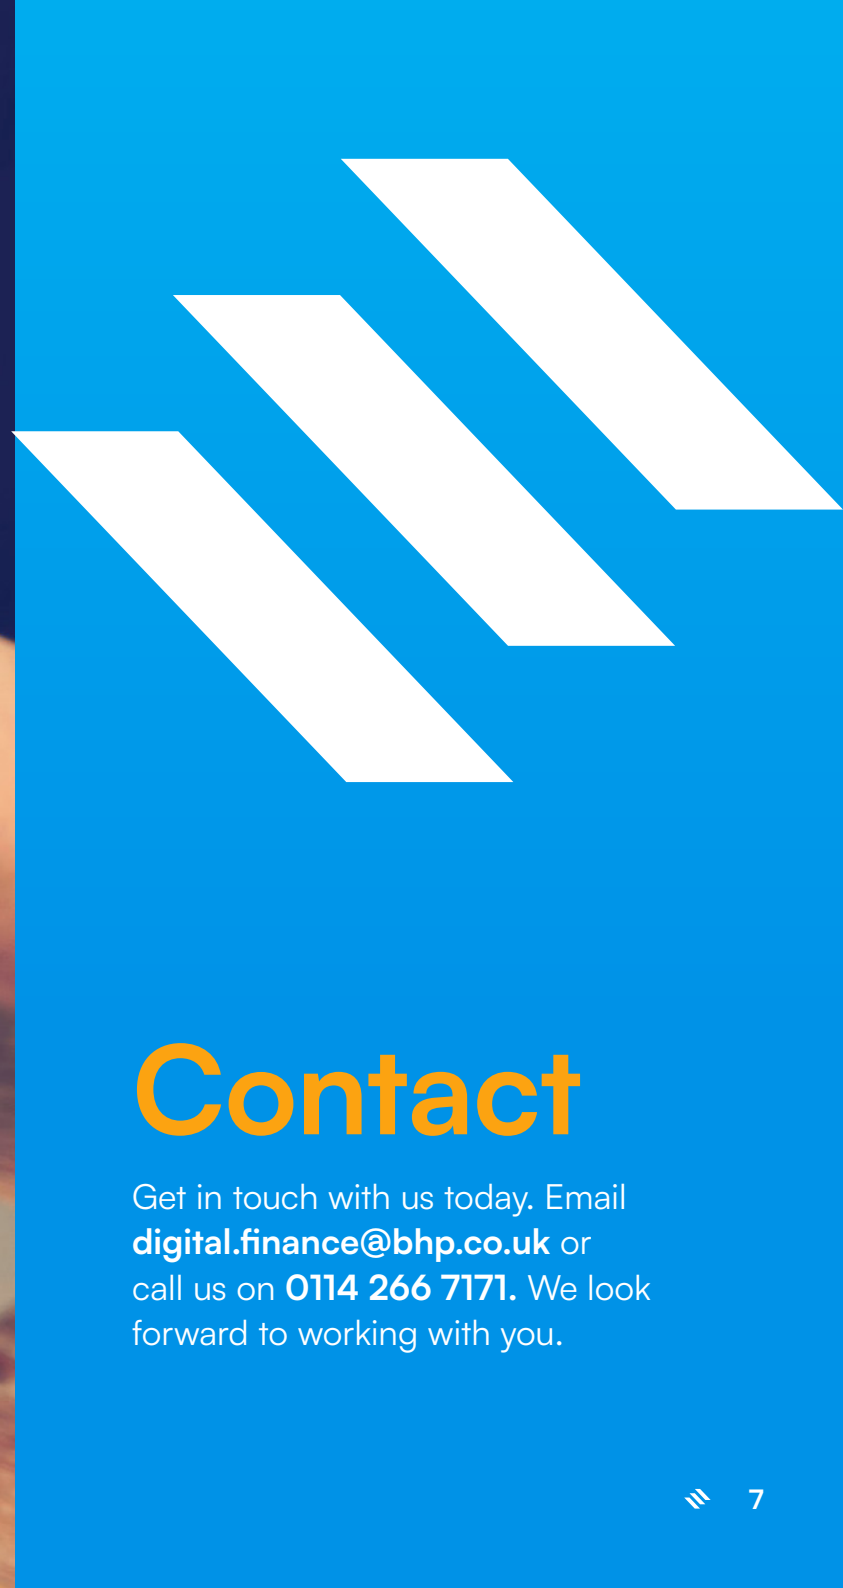

Phil Brown, Absolute
Commercial Interiors

“

“Their experienced team provides **first-class advice and support**. It’s great that we feel we can ask for **help at any time** and know exactly who to contact when we need assistance.”

Toni Unkles,
Cafeology
